A tasteful new choice to complement **today's coolest styles.**

Add a classic touch to any contemporary kitchen or bath with the new P&S Nickel Devices. Available in switches, dimmers, tamper-resistant and GFCI receptacles, these elegant yet understated devices — along with their matching Screwless Wall Plates — are a perfect complement to modern cabinets, lighting fixtures, plumbing fixtures and appliances.

In addition to their great looks, these new devices are designed to withstand the hard knocks of a busy household. And the uniquely constructed matching Screwless Wall Plates have a no-dirt-catching channel around the perimeter, ensuring a clean, uniform look.

P&S Nickel Devices — a cool new way to complement today's hottest looks.

Match or accent any modern kitchen and bath.

P&S Nickel Devices

Same quality and durability you've come to expect from all P&S wiring devices.

Smooth, sleek nickel finish provides an elegant look.

Premium finish withstands continuous, everyday use.

Tamper-Resistant shutter system that keeps kids safer by keeping foreign objects out.

1595NTLTRNICC4

D703PNIV

Matching wall plate enhances clean look by hiding screws.

Smooth wall plate perimeter eliminates channel that can catch dirt.

Two-piece non-conductive polycarbonate subplate ensures wall plate fits perfectly.
