Wiremold

25DTP Series Steel Tele-Power Pole with Dedicated/Isolated Ground

Part No. 25DTP-4D-DG

25DTP D Series 10' Tele-Power Poles handle all of your needs effortlessly, whether it's power, data, or A/V wiring you need to bring down to the desk, workstation, or cash registers. The vertical drop poles give you the flexibility and capacity to devote both sides of the pole for single service or separate the two channels to provide dual service feeds. This pole comes with two(2) prewired Fed-Spec general grade duplex receptacles, one 20A 125V dedicated/isolated ground duplex receptacle and one 20A 125V standard duplex receptacle. Knockouts provided in removable cover for RJ11/RJ45 and modular furniture communication connectors. All mounting hardware, entrance end plate, and two ceiling trim plates are included.

Features & Benefits

Easy to install: Bring power, data, and A/V services into open space environments quickly & easily. Reduces costs for moves adds and changes.

Dual-channel: Allows a single drop point for access to multiple services.

Multiple color options: available in three aesthetic colors: white, ivory, and gray.

Custom capabilities: Modify receptacle type and location, change color finish, alter pole heights, add fixture whips and more. Affording you more choice in appearance and configuration.

Relocatable: Ready for service in 30 minutes or less. Can be quickly reconfigured or relocated as work space uses and service needs change.

Wide selection of standard options: Stocked in a variety of materials, finishes, heights, and device configurations. Provides what you want, when you need it.

Datacom connectivity options: Accepts industry standard and proprietary devices from a wide range of manufacturers to provide a seamless,aesthetically pleasing interface for voice, data, audio, and video applications at the point of use.

Specifications
