Wattstopper
INFRARED EMITTER Stn w/RS232
Part No. IRX II

Infrared Emitter Station II (IRX II) is a simple solution for integration and control of A/V products.

Features & Benefits

- Large driver library in Design Center software allows for easier third-party device integration
- Can be connected to the system via Station Bus or Ethernet
- Can be used to extend RS232
- Integrates A/V and other systems using RS232 or IR
- Ethernet connection allows for IRX II to be located without distance limitations within a project
- Not for sale, resale, importation, installation or use in California

Specifications

General Info

Product Line	Vantage	UPC Number	804428033578
Country Of Origin	China		

Dimensions

Product Width US	9.0 in	Product Weight US	2.0 lb
Product Depth US	6.1 in	Product Height US	4.0 in
