Ortronics

Mighty Mo 20, Air Dam Kit For VMD712 Vertical Manager, 7 ft High, 12 in wide - Black

Part No. MM20ADK712VMD-B

The Mighty Mo 20, Air Dam Kit for VMD Vertical Managers, seamlessly integrates MM20 open rack systems with hot and cold aisle containment solutions, sealing off the back of vertical managers to create an air dam while minimizing energy consumption, optimizing thermal efficiency and safeguarding front-to-rear breathing equipment. Each air dam is designed to directly integrate with Mighty Mo 20 systems with tool-less one-person installation process reducing labor costs and eliminating the need for specialized components or additional brackets.

Features & Benefits

Tool-Less Install: Reduce labor costs with tool-less, one-person installation - no additional brackets or special components needed.

MM20 Complete Cable Management System Compliant: Engineered to integrate directly with Mighty Mo 20 Racks and VMD Vertical Managers with no tools, special brackets, or kits.

Passive Airflow Containment: Divides the rear of vertical managers to separate and contain hot and cold aisles, creating an air dam that improves thermal efficiency, reduces energy consumption, and protects front-to-rear airflow equipment.

Specifications

General Info

Product Line	Ortronics	Color	Black
Finish	Satin	UPC Number	662875110538
Country Of Origin	United States	Material	Plastic
Features	Quick Install	Included	Mounting Hardware
Application Sector	Data Center	Warranty Type	5-Year

Dimensions

Product Width US	8.25 in	Product Weight US	7.0 lb
Product Depth US	5.0 in	Product Height US	7.0 FT

Additional Information

RoHS Compliant	Yes

Technical Information

Compatibility	Mighty Mo	Rack Units	45 U
Seismic Tested	No	Mounting Type	Self-Mounting
Mounting	Vertical
