Ortronics

CLARITY CAT6A 48 PORT FLAT PANEL, 110/6PORT, T568A/B, 2RU, Black

Part No. PHD6AU48

Clarity® 6A patch panels are available in the traditional multi-port panel format with 6-port modules and the added flexibility of flat or angled versions. Large termination bay allows for high visibility and more space for wiring during terminations. Includes rear wire manager.

Features & Benefits

- More transparent signal path with Clarity 6A cords
- IDC towers designed to accept larger 6A/10 Gig cable conductors
- Panels include label fields and rear cable management
- Backwards compatible to Category 6 and Category 5e
- Standard termination practice – 110 tool
- Easy-to-follow universal wiring label is quick and user-friendly to eliminate confusion
- Meets TIA 568C.2 Category 6A component specifications
