

Legrand Home Smart Lighting

for
Apple HomeKit™

Use Legrand Home app for scenes, room group, automation and more.

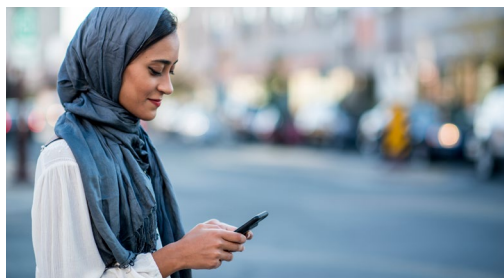

For the Apple enthusiast, the Apple Home app can also be used to seamlessly integrate your Legrand lights into the Apple HomeKit ecosystem.

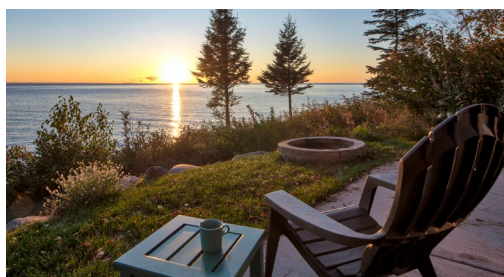

Legrand offers a family of lighting control products for your home fully enabled to interface with Apple HomeKit. Apple HomeKit technology provides an easy, secure way to control your lights, outlets, thermostats, and more from your iPhone or iPad. With the Legrand Home app or the Apple app, easily and securely control all your HomeKit accessories from one location.

Easy to install and simple to use.

Feel safe and secure with the ability to access lights at any time, from any location.

Program lighting scenes and schedules to automate lights based on time of day or location.

Features & Benefits

- Works with Apple HomeKit technology
- Use Siri, Alexa, or the Google Assistant to control your home with just your voice
- Works with existing home Wi-Fi network
- No hub required.
Automated control and remote access requires an Apple TV with tvOS 11 or later, an iPad with iOS 11 or later, or a HomePod set up as a home hub.
- Part of the radiant® Collection.
