FURNITURE

in a connected world.

Power and Charging Solutions for Furniture

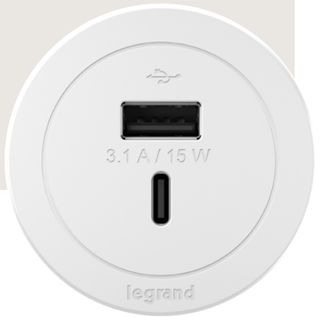

Every commercial space needs a solution for providing power. By adding power and charging directly to furniture, you can create inviting and productive spaces. Stylish, easy-to-install options from Legrand give you the power you need without sacrificing design or time.

USB TYPE-A

The standard flat, rectangular port that is most commonly used

USB TYPE-C

The new, smaller port being adopted by mobile device manufacturers with an easy-to-use reversible design

POWER

within reach.

dash™ DESKTOP POWER CENTER

A highly configurable, convenient solution that provides customizable access to power to desks and tabletops. These units feature a 6′ braided fabric cord and are designed to blend into any space, complementing existing decor with a slim, modern design.

- A standard offering of configurations is available or custom configurations can be designed.
- 2 to 6 Cube Configurations: including tamper-resistant 15A outlets, combo 15W USB A/C ports or a blank keystone module for data connectivity.
- Available in white or graphite finishes.

DESKTOP POWER CENTER SLIM

Bring power and charging connections directly to the point-of-use with the Desktop Power Center Slim. These units feature a pass-through plug that retains access to outlets and keeps spaces free from cord clutter. Perfect for desks, tabletops, and workstations.

- Multiple power and USB charging configurations available.
- 6′ or 10′ cord length options.
- Mounts directly to surfaces.

POWER

within reach.

SIT-STAND DESK POWER

Easily add power and charging to height-adjustable desks and tables with a flexible power solution. The system includes a plug-in outlet center below the desk surface and a desktop power center slim for above-desk power access.

- Comprised of two units, one above and one below the desk - connected via a 2' interconnected cord.
- Compatible with all standard sit-stand desk height ranges.
- Multiple power and charging configurations available.

EASILY RELOCATE

with moveable power.

ModPower™

Optimize flexible spaces with ModPower, an advanced modular power solution designed to give you the freedom to reconfigure power and charging as layouts evolve. Perfect for workstations, training areas, meeting rooms that need to adapt to changing needs quickly and efficiently.

- Connect up to 6 separate power units together to bring power and charging access right to the point of use.
- The units can be disconnected, moved around, and reconnected using a set of interconnecting cords.
- Easy Installation: in-surface and on-surface options available.

EASILY RELOCATE

with moveable power.

dash™ POWER TOWER

The dash Power Tower is a highly configurable solution. This free-standing tower features a retractable 8′ power cord making it easy to move. Its slim design fits perfectly alongside furniture for convenient access to power and charging outlets. Ideal for lobbies, waiting rooms, lounges and more.

- A standard offering of configurations is available or custom configurations can be designed.
- 4 to 6 Cube Configurations: including tamper-resistant 15A outlets and combo 15W USB A/C ports.
- Available in white or graphite finishes and a variety of height options.

A STEP ABOVE ORDINARY

for your furniture.

dash™ FURNITURE POWER CENTER

Reach a new level of customization in interior spaces with the dash Furniture Power Center. These units are configurable furniture power solutions with convenient access to power, data, or control of nearby devices with built-in switching controls.

- A standard offering of configurations is available or custom configurations can be designed.
- 2 to 6 Cube Configurations. Additional data connectivity available through Tracjack® or Keystone data frames.
- Available in white or graphite finishes with matching trim plates or metallic trim plate options in stainless, bronze, and brass finishes.

A STEP ABOVE ORDINARY

for your furniture.

radiant® FURNITURE POWER CENTER

The radiant Furniture Power Centers bring a sleek, modern design with the functionality of power, charging and switching together. Quick and easy installation means nearly every piece of furniture can be powered up and ready to recharge devices. A quick and simple way to bring furniture a step above ordinary.

- Multiple Configurations: including lighting control options, USB Type-A and Type-C combinations.
- Features a pass-through plug.
- Available in black, white or nickel finishes.

ROUND FURNITURE POWER CENTERS

The Round Furniture Power Centers' small, low-profile design allows the units to be installed in more places than ever. These units are installed directly into furniture and supply convenient access to power and USB charging ports in a subtle, stylish way.

- Multiple power and USB charging configurations.
- Available in black, white or nickel.
- Spill water-rated versions available for tabletop use.

FLIP UP

your thinking.

DEQUORUM™ FLIP-UP TABLE BOXES

The deQuorum Flip-Up Table Boxes flip open to provide power and communications to tabletop surfaces. It is designed and rated specifically for areas that are prone to spills from liquids, including waiting areas, lounges, and other public spaces.

- USB charging capability and expanded configuration options.
- UL spill water protection.
- Hard-Wired & Cord Ended Versions

POP UP TOWER

The Pop Up Tower allows for power outlets and USBs to stay hidden underneath the surface when the unit is not in use and can be brought up by simply pushing the top cap and pulling the unit up. When not in use, the Pop Up Tower can be pushed back down.

- Features tamper-resistant outlets, a USB-A port and USB-C port.
- Recesses into furniture when not in use.
- Available in black or stainless.

EXTEND

your reach.

INTEGREAT™ A/V TABLE BOX & RETRACTORS

Use InteGreat to elevate meeting rooms with easy-to-reach technology and bring connections right where it's needed. Add Cable Retractors that are designed to seamlessly protect and organize cords and cables.

- Provide power, USB access, and A/V connectivity below the tabletop.
- Combine with InteGreat Cable Retractors for the ultimate meeting room cable management solution.
- Available in either black or aluminum and features a brushed anodized finish.
