

Wiremold
10IN ABANDONMENT PLATE
Part No. 10AP

Proof that bigger and better go hand in hand: Evolution Series 10" Poke-Thru Devices offer more capacity, flexibility and versatility than any other poke-thru device on the market. In offices, hospitals, government buildings, schools and universities – in all of the spaces where we live and work – clients are demanding more: more communications, more A/V and more power. Featuring eight-gangs of capacity, redesigned and easier to use covers, recessed connections below floor level, and enough internal wiring capacity to eliminate the need for a junction box – Evolution Series 10" Poke-Thru Devices are ready to meet that increased demand.

Features & Benefits

Blank abandonment plate for side mount device on Evolution series 10 inch poke-thru.
