

Pass and Seymour Turnlok® Portable 2-Foot In-Line GFCI with Plug and Connector, Automatic Reset Part No. 2097TL2A

Stay safer on any job, any project with this code-compliant 2-Foot In-Line Portable GFCI (Automatic Reset). Designed for use with portable equipment (drills, saws, power painters, etc.), providing protection against electrical shock caused by ground faults.

Designed with Legrand's Turnlok connector to lock plugs in place, preventing accidental disconnection for safer, more reliable operation.

GFCI protection is required by code in bathrooms, kitchens, garages, outdoor areas, and for any other outlets found within six feet of a sink or water source.

Features & Benefits

Protects against electrical shock caused by ground-fault occurrences.

Equipped with proven SafeLock protection feature: if critical components are damaged and protection is lost, power to the outlet is disconnected.

Automatically energizes portable GFCI for use upon plugin and after loss of primary power.

Specifications
