

radiant Collection radiant® GFCI USB Outlet with SafeLock® Protection, Type A, 20A, Tamper-Resistant, Gray Part No. 2097TRUSBAAGRY

Enjoy superior safety and the convenience of built-in USB charging, in a first-of-its-kind outlet! Perfect for adding modern connectivity anywhere, including areas of the home where ground fault protection is required (kitchens, bathrooms, laundry rooms, etc). This outlet makes it easy to see and reset electrical trips right where they happen, while also providing two USB connections for keeping phones or tablets charged, no bulky adapter required. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Finish	Matte	UPC Number	785007374568

General Info				
Specifications				
Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection				
Installs quickly thanks to a redesigned side wire cavity for easier access		Can provide ground fault protection to downstream outlets through feed- thru wiring		
Equipped with proven SafeLock™ feature which disconnects power to the outlet if any critical components are damaged for added protection		Protect children using a patented "'invisi-shutter" system to prevent the insertion of foreign objects while maintaining a discreet, invisible effect. Meets NEC® Tamper-Resistant requirements		
Includes traditional power outlets and two USB Type-A ports for convenient charging. Shares 2.0A charging capacity between both ports		Self-tests every three seconds, ensuring continuous ground fault protection for greater safety. Additionally, in case of test failure, the indicator light (red LED) will flash to signal there is an issue and the outlet should be replaced		
First outlet of its kind to add USB connection to a GFCI outlet for easier charging, anywhere		Provides reliable ground fault protection with a trip indicator light and reset button on the outlet for easy, accessible troubleshooting
