L1 legrand® radiant Collection
radiant® Tamper-Resistant 20A Duplex Self-Test GFCI Receptacles with SafeLock® Protection, Bulk Pack-100, White
Part No. 2097TRWB100

GFCI receptacles from the radiant® Collection self-test automatically every three seconds to ensure reliable protection from shock due to ground fault occurrences. Meeting National Electrical Code requirements for ground fault protection, GFCI receptacles make it easier to recognize and fix trips right where they happen – no more confusion at the breaker box. 20A outlets are ideal for use with larger appliances and in commercial settings, as well as to meet regional requirements (Chicago, Canada). GFCI protection is required by code in bathrooms, kitchens, garages, basements, outdoor areas, and for any other outlets found within six feet of a sink or water source. GFCI outlets should always be used when replacing existing GFCI outlets during renovation. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately. Spec-Grade devices are engineered to meet federal specifications for use in commercial installations.

Features & Benefits

Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI receptacles make it easier to fix trips with a reset button right on the device.

Conducts an industry-leading automatic self-test every 3 seconds. If the device ever fails, the indicator light flashes to signal it should be replaced.

Equipped with proven SafeLock protection feature: if critical components are damaged and protection is lost, power to the outlet is disconnected.

Protects children with a patented tamper-resistant shutter system that prevents improper insertion of foreign objects, complete with "invisi-shutters" for an invisible effect.

Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection

Trip Range: Trip Threshold 5+/-1mA Trip Time: 0.025 sec. nominal per UL Standard

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Matte	UPC Number	785007378597
Country Of Origin	China	Number of Receptacles	2
Outlet Type	Self-Test, Tamper-Resistant	Application Sector	Commercial
Standard	RoHS, UL, cULus, FSUL	Warranty Type	1-Year from Day of Sale
Type	GFCI, Outlet, Tamper-Resistant		

Dimensions

Product Width US	1.72 in	Product Depth US	1.2 in
Product Height US	4.2 in		

Listing Agencies / 3rd Party Agencies

cULus ListingNumber	cULus 943 C22.2 No. 144, cULus 498 C22.2 No. 42, FSUL WC596	cULus Listed	Yes

Additional Information

RoHS Compliant	Yes

Technical Information

Seismic Tested	No	Is Tamper-Resistant	Yes
Amperage	20 A	Is Weather Resistant	No
Input Voltage	125 V	Indoor/Outdoor	Indoor
Environmental Conditions	95% (relative humidity, non-condensing)
