Easily add the power every home needs with Legrand's 20A/125V Trademaster® Tamper-Resistant, Self-Grounding, Duplex Receptacle. This 20-amp receptacle offers a self-grounding feature that makes these receptacles ideal for residential and multi-dwelling units. Additionally, the receptacle has black "invisi-shutters" that are not visible by end users but help to prevent improper insertion of foreign objects to comply with NEC Article 406.12.

Features & Benefits

Ideal for Residential Applications & Multi-Dwelling units where 20A devices are required

Meets National Electric Code Tamper-Resistant requirements per Article 406.12

Black "Invisi-Shutters" disappear for an invisible effect

Side Wire Only accepts #12-#14 AWG

Auto-Ground Clip assures a positive ground connection is made

Specifications
