

Designed for retrofit and new construction, Evolution Series 6" Recessed Poke-Thru devices provide convenient access to power, communications, and audio/video services recessed below floor level - providing maximum device protection. With 3 Gangs of capacity, you will be able to configure services for the needs of your space. The low-profile metal covers are available in brushed aluminum, satin brass, satin nickel, and multiple powder-coated finishes designed to match any space. Evolution Series 6" Poke-Thru devices are the perfect fit for kiosks, meeting rooms, training rooms, classrooms, healthcare facilities or commercial buildings with open-space architecture. For carpet, tile, wood and laminate concrete floor coverings.

## Features & Benefits

- Preassembled unwired poke-thru device: Connect to conduits and install now, but save configuration and plate choices for later.
- Step-on-it installation: Quick and easy installation without the need for additional fasteners or a second installer.
- Evolution Series Poke-Thru Devices are available in multiple finishes: (BK) black, (GY) gray, (BZ) bronze, (AA) brushed aluminum, (SB) satin brass and (SN) satin nickel to seamlessly match your environment.
- A flush style cover for tile applications allows the Evolution Series Poke-Thru Devices to be adjusted to the same level as the top surface of the floor covering.
- Plug load control up to 30 feet: Tested with Pass & Seymour® Wireless RF Receptacles to control plug loads up to a distance of 30 feet when the cover is closed.
- The flush cover is designed to be used for tile or wood floors and in higher traffic applications, where a low profile is a must.
- Recessed devices: All power, communications and A/V devices are recessed below floor level, providing maximum protection and device longevity.
- Unique cover design: The cover opens a full 180 degrees with two unique spring-loaded slide egress doors to keep wires, connections and people safe.
- Ideal for high foot traffic environments: Satin brass, satin nickel and brushed aluminum finishes offer a more durable, high-end look with a tougher clear powder coat.
- Open system for expanded compatibility: Accepts industry standard power, communications and A/V devices from most manufacturers including Legrand AVIP, Extron® and more.
- 3 hour fire rating: Evolution Series Poke-Thru Devices use an intumescent material that maintains the fire rating of any floor for up to 3 hours, the longest of its type.

## Specifications

### General Info

Product Line	Wiremold	Color	Black
UPC Number	786564103424	Country Of Origin	United States
Features	Recessed	Cover Style	Flush

Application Sector	Commercial, Education, Healthcare, Hospitality	Standard	UL Fire Classified, cULus, NEC
Warranty Type	1-Year from Installation or 2-Years from Day of Sale	Type	Poke-Thru
<b>Dimensions</b>			
Product Weight US	10.28 lb	Core Hole Size	6 in
Knockout Size	3/4 in
