

Pass and Seymour
Turnlok® Flip Lid Weatherproof Cover for 50A Receptacle, Gray
Part No. 7770GRY

All Pass and Seymour weatherproof covers are built tough to endure the harshest weather conditions. This model includes a vertical self-closing flip lid that prevents contaminants from entering the device. Complete with stainless steel screws, it is completely corrosion resistant. Multiple gaskets are provided to ensure a tight seal and easy installation. The molded label area allows you to appropriately label the outlet for quick identification.

Features & Benefits

Heavy-duty LEXAN: polycarbonate material withstands abuse in adverse environments.

Corrosion-resistant stainless-steel mounting screws.

Self closing, tamper-proof hinge features permanent, locked-in pins for added security.

Weatherproof design ensures the device will be protected against moisture, dust, dirt, and debris.

Listed for use in wet locations with the cover closed or in damp locations.

Cover fits all competitive inlets and outlets.
