

Wiremold  
800LCK Series Steel Floor Box  
Part No. 800LCK

This semi-adjustable stamped steel floor box provides an excellent and economical activation solution for the low density power or communication requirements in above grade open space areas. These boxes feature an aesthetic, low profile brass appearance that allows you to activate your wiring without obstructions. These boxes also accept the 525 Series Service Fittings, allowing for more configuration options and a die-cast aluminum look. Typical applications would be in any large open space area.

## Features & Benefits

Stamped steel construction. Meets requirements for above grade applications. Lower cost alternative to cast ironboxes on above grade applications.

Activation flush or pedestal. Flexibility to meet power or data wiring requirements. Variety of aesthetically pleasing cover options.

Single power receptacles available. An inexpensive option for low density power requirements for open space areas.

Covers are interchangeable for cast iron and stamped steel. More activations to meet any decor.

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786564260363
Country Of Origin	Mexico	Construction	Assembled
Application Sector	Commercial	Standard	cULus Listed Metallic Outlet Boxes: File E2961 Guide QCIT Meets Article 314.27(C) of NEC.
Type	Floor Box		

### Dimensions

Product Height US	3.0 in	Product Length US	4.187 in
Cubic Capacity	23.6 cu in
