Extra Heavy-Duty Hospital Grade MRI Duplex Receptacle Back and Side-Wire 20A 125V

## Features & Benefits

Designed expressly for MRI applications.

Exclusive patented feature, circuit label on face allows permanent circuit identification.

Extra heavy-duty one-piece nickel-plated brass mounting strap with integral ground for superior structural integrity and long-term performance.

.036 inch thick, brass, triple-wipe power contacts for lasting retention.

Strap tabs wrap around and lock down on face to prevent strap from separating from face and back body.

Easily accessed break-off, line-contact connecting tab for fast, easy split-circuit wiring.

Exclusive patented feature, external screwpressure-plate back wire clamp on ground terminal for faster, easier installation.

External screw-presure-plate back wire clamps with #10 brass terminal screws for visual assurance of a good connection.

Auto-ground clip assures positive ground.

For covering patents, see www.legrand.us/patents.

For compatible wall plate options, from our TradeMaster unbreakable plates to our radiant screwless plates to our metal wall plates, click here.

Temperature Rise: Maximum 30°C temperature rise at full-rated current after 50 cycles of overload at 150% of rated current with direct current. Operating Temperature: Maximum continuous +60°C, minimum -40°C without impact

## **Specifications**

| General Ir | าто |
|------------|-----|
|------------|-----|

| Product Line      | Pass & Seymour                   | UPC Number         | 785007269208 |
|-------------------|----------------------------------|--------------------|--------------|
| Country Of Origin | Mexico                           | Application Sector | Commercial   |
