

Cablofil
CENTER DROPOUT -BLACK (4D,,4W,,6H) [945246]
Part No. 945246

The Cablofil Center Drop Out (CDO) is designed especially for high capacity data centers, where a cable drop is often needed after cables are already in place. With a simple snap-on application, the CDO can be installed on your schedule, before or after the cables are set up, and remains tough enough to maintain support and bend radius of the heavy weight of copper and fiber optic cable bundles.

Features & Benefits

Pre- or Post-Installation Options

Add the CDO to your wire mesh tray when you choose, either before or after cabling is installed

Variety of Finishes

The CDO comes in electrozinc, white, black or custom colors to match your data center

Easy to Install

The CDO snaps right on the wire mesh tray for a quick and simple installation

2 Vertical Raceway Options

Connect 4" wide vertical wire mesh easily

Mates with 4" wide Ortronics endcap and inner duct

Side Rails

Provides a smooth surface for horizontal cable direction changes

Smooth Transition for Cables

Provides support for full 90: transition bend ensures cables do not have any potential pinch points or kinks

Tie Down Slots

Optional accessories are available to direct and secure the cables as they exit the CDO

Reusable

Easy to move as your needs change

Specifications

General Info

Product Line	Cablofil	Finish	PE
UPC Number	800388467705	Country Of Origin	China
Application Sector	Commercial, Industrial	Type	Dropouts

Dimensions

Product Width US	6.0 in	Product Weight US	1.7 lb
Product Volume US	0.125 cu ft	Product Depth US	6.0 in

Product Height US	6.0 in
