

QIS Wired Wall Switches are available in single-channel and multi-channel options to provide in-wall, wired control of QIS shades.

Features & Benefits

Provide wired control of up to 200 QIS shades per switch

Available in single-channel and multi-channel options

Available in single and dual switch form factors

Dual switch requires single connection

Default preset options are set at 33% and 66% based on the lower limit

Powered via Cat5e/6

Requires QIS Power and Communication panel for operation

Note: The QIS panel, shades, and switches do not support a PoE (Power over Ethernet) wiring or power scheme

Specifications

General Info

Product Line	QMotion
Application Sector	Residential
Standard	FCC, IC, CE, RCM, RoHS

Dimensions

Product Width US	2.7 in
Product Height US	1.0 in
Product Length US	1.3 in

Additional Information

Product Has Potential to Contribute to LEED	Yes
---	-----

Technical Information

Mounting Type	Wall
Number of Buttons	4
