

On-Q
18Gbps Active Optical (AOC) HDMI Fiber Cable, 10m
Part No. AC2F10BK

The Active Optical

Features & Benefits

- Supports: 18.2 Gbps bandwidth, Ultra HD - 4K@ 60Hz 4:4:4. High Dynamic Range (HDR), Deep Color, ARC
- Available in lengths from 10 to 75 meters
- Constructed of plastic optical fiber for added flexibility, making them easier to pull in the wall or run around tight corners
- Enhanced retention clips keep the cable firmly in place, requiring 4.5lbs of pulling force to remove
- Directional cable features color-coded cable ends to easily discern Display end from the Source end
- Solely powered by the source device - do not require external power adapter
- Rated: UL plenum, CMP
- Ideal applications: commercial AV installations, such as conference rooms, sports bars, or classrooms
