adorne® Wired Remote Smart Fan Controller with Netatmo, White
Part No. WNAF24W1

The wired remote smart fan controller allows you to hardwire remote control of a primary smart fan controller. The remote is line voltage powered and communicates wirelessly back to an installed primary smart fan controller. The remote must first be paired with a Smart Gateway with Netatmo and then associated, through the Legrand Home + Control app, with another already installed primary smart fan controller. Perfect for adding another location to control a fan without a traveler wire required. This is ideal for locations where you are converting existing 3-way or multi-location fan control to become part of your smart home. In new construction it allows for faster installation with the removal of the traveler wire requirement as each wired remote communicates wirelessly back to the primary device, saving on installation time and cost.

Features & Benefits

Smart Gateway with Netatmo and Primary Smart Fan Controller (WNAF or WNRF) REQUIRED

Eliminate Traveler Wires: Wireless remotes are battery-powered and communicate wirelessly back to a primary fan speed controller – eliminating the need to run separate traveler wires in new construction for multi-location control.

3-Way Control for Fans: Designed to be used in a 3-way or multi-location control environment when paired with a primary Smart Lighting with Netatmo Fan Controller

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network created by each primary Netatmo device

Multiple Collections and Color Options: Choose from either the adorne® or radiant® collection to fit a home's unique needs.

Wall Plates Separate: Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes.

Color Change Kits: Magnesium and Graphite colors are available with separate adorne smart fan speed control color change kits.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Gloss	UPC Number	785007501551
Country Of Origin	China	Material	Polycarbonate
Features	Smart Lighting, With Netatmo	Switch Type	sofTap
Number of Switches	1	Works With	Amazon Alexa, Apple Home, Google Home

Application Sector	Residential	Warranty Type	2-Year Limited Warranty
Dimensions			
Product Width US	1.75 in	Product Depth US	1.3 in
Product Height US	2.656 in		
Listing Agencies / 3rd Party Agencies			
cULus Listed	Yes		
Additional Information			
Energy Savings	No		
Technical Information			
Requires Neutral Wire	Yes	Indoor/Outdoor	Indoor
Mounting Type	Surface Mount, Wall Box	Wire Connection Type	Screw Terminals
Voltage	120 VAC
