Features & Benefits

adore Cast Metal wall plates are created with real metals. Each wall plate is hand-crafted by artisans and no two are exactly alike. These slight variations in finish and color add to the unique beauty of the adore Cast Metal offering.

Plate easily snaps onto included mounting frame and installs in minutes with no visible screws. adore products fit into your existing electrical box, so no new wires are needed.

Complete your total designer look with options like a stunning adore Accent Nightlight accessory.

Available in single, double, triple, and quad sizes to support up to four functions. Also available in 1-Gang, 3-Module sizes to support multiple functions in one electrical box, such as an outlet combined with a nightlight.

Pair with a classic white or contemporary magnesium switch or dimmer for a unique look.

Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adore, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
