

adorne Collection Discontinued - adorne® 1100W Incandescent/Halogen Paddle Dimmer, White, with Microban® Part No. ADPD1103HW4

Perfect for anywhere you'd like the combined power of on/off and dimmable lighting control. Turn lights on or off with a simple rocking motion, or slide to dim to your preferred light level. Use this dimmer switch on its own to control an incandescent or halogen light or fixture from a single location, or pair with a 3-way switch to control a single light source from two locations. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

Helps fight the growth of stain and odor-causing bacteria through the invisible and continuous product protection of Microban® antimicrobial technology

Installs in 15 minutes or less, fitting into an existing electrical box. No new wiring required for typical installation.

Wall Plate (not included). Available in a range of contemporary colors and stunning finishes.

For complete installation, device must be paired with an adorne® screwless

For use with dimmable incandescent/halogen bulbs or fixtures. Features smooth paddle action for turning lights on and off, plus easy slider for adjusting lights to your preferred light level.

Usable in both single-pole and 3-way applications.

More color options available to fit any style, including finishes to match current hardware and lighting trends.
