

## adorne Collection Discontinued - adorne® 700W Incandescent/Halogen sofTap® Dimmer, Magnesium

Part No. ADTP703HM2

Turn lights on/off, or even dim them, with just a soft tap of a finger thanks to inventive micro-movement technology. This dimmer switch is meant for use with incandescent or halogen single fixtures and small lighting groups that do not exceed 700W. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

## Features & Benefits

Helps fight the growth of stain and odor-causing bacteria For complete installation, device must be paired with an adorne® through the invisible and continuous product protection of screwless Wall Plate (not included). Available in a range of contemporary Microban® antimicrobial technology colors and stunning finishes.

Installs in 15 minutes or less, fitting into an existing electrical box. No new wiring required for typical installation.

Usable in both single-pole and 3-way applications.

For use with dimmable incadescent/halogen bulbs or fixtures that do not exceed 700W. Perfect for adding precise light level control -- all it takes is a soft tap to turn on/off or adjust brightness.

More color options available to fit any style, including finishes to match current hardware and lighting trends.
