**DO NOT USE HP® AJ716A Compatible 2/4/8Gbs Fibre Channel SW MMF SFP+ Transceiver Module**

Part No. AJ716A-LEG

This HP AJ716A compatible SFP+ transceiver provides 2/4/8Gbs Fibre Channel-SW throughput up to 300m over multi-mode fiber (MMF) at a wavelength of 850nm using a LC connector. Our transceiver is guaranteed to be 100% compatible with the equivalent HP transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of HP, as well as to comply with multi-source agreement (MSA) standards to ensure seamless network integration.

**Please Note:** Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

## Features & Benefits

Transceiver type SW allows for connections up to 300m

850nm wavelength signaling

High speed 8-Gigabit connectivity

LC ports designed for use with Multimode fiber

## Specifications

### General Info

Product Line	Legrand	Color	Silver
UPC Number	757120669821	Country Of Origin	United States
Application Sector	Commercial/Industrial		

### Buy American Act Compliance

TAA Compliant Yes

### Additional Information

RoHS Conformant Yes Product Has Potential to Contribute to LEED Yes
