

Wattstopper
Power Pack, hold-on/off, auto/manual-on, 120/277V, USA
Part No. BZ-150-U

The BZ-150 Universal Voltage Power Pack is full featured and can provide 24 VDC operating voltage to Wattstopper's lowvoltage occupancy sensors. In addition, the BZ-150 enables manual-on, hold-on, hold-off and load shed applications when used with lighting control panels or building management systems. This device is constructed with environmentally friendly materials and is RoHS-compliant.

Features & Benefits

High-efficiency switching power supply

Zero crossing for reliability and increased product life

Hold-on and hold-off inputs

120/277VAC, 50/60Hz

Plenum rated

Auto-ON or Manual-ON operating mode

Overcurrent protection (low-voltage)
