

On-Q
Ball Camera, Brown
Part No. CM5002BR

The ball camera is an inconspicuous way to monitor a nursery, patio, or front door. Although it delivers crisp color video, it's also optimized for low light conditions to enable the best possible pictures in all situations. It ships with Studio style

Features & Benefits

Provides smooth, 720P Hi-Definition at 30 frames per second (FPS)

Picture automatically changes to black and white at night to optimize for low light conditions

Includes Studio style plates for both in-wall and in-ceiling installation.

Weather resistant for outdoor applications.

Mounts in a standard single gang box with a convenient RJ45 connection.
