

**Wattstopper**  
**Energy Management Light Sensor**  
Part No. EM-LIGHTSENSOR

The EM-Light Sensor enhances the abilities of a Vantage System by using detected light levels to trigger tasks. Inconspicuously mounted in either the ceiling or wall, the directional detection compact lens senses ambient light levels and can be used to trigger lights, draperies and shades, security cameras or other devices connected to the Vantage System.

## Features & Benefits

Ambient light level detection

Directional detection lens

Mounts without screws

Available for either ceiling or wall mount

Paintable trim

## Specifications

### General Info

Product Line	Vantage	UPC Number	804428033271
Country Of Origin	China		

### Dimensions

Product Width US	1.0 in	Product Weight US	0.1 lb
Product Depth US	1.0 in	Product Height US	1.0 in

### Technical Information

Sensor Type	Daylight
