Legrand Lighting Control for HomeKit offers an easy, secure way to control lights, outlets, thermostats and more, all from your iPhone or iPad. Part of the Legrand family of products fully enabled to interface with Apple HomeKit, this easy-to-install sensor is an ideal addition to doors, windows, safes and more. Simply ask Siri to check open or closed status, or use notifications and setting triggers to automate updates while you're away from home, with the Apple or Legrand Home apps.

Features & Benefits

Works with Apple HomeKit Technology for control through iOS devices. Even ask Siri to check the status.

Use Legrand Home app to set up notifications, automation triggers and more.

Battery-operated, device utilizes Bluetooth Low Energy to minimize power consumption.

For remote and automated control, device requires an Apple TV with tvOS11 or later, an iPad with iOS 11 or later, or a HomePod set up as a home hub.

Installs easily, no wiring required.
