#### Wattstopper Discontinued - Dual Tech Wall Switch Occ Sensor, 1-Button, Pre-Eng ON/OFF, Red Part No. LMDW-101-R-ENG1

LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic technology to detect occupancy for energy-efficient control of lighting and plug loads. They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system.

## Features & Benefits

1-Button Digital Dual Technology Wall Switch Occupancy Sensor	LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic technology to detect occupancy for energy-efficient control of lighting and plug loads
They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system	Dual Technology sensor with On/Off button(s) to switch selected load(s)
Component of Digital Lighting Management integrated control system	Quick access to Push n' Learn for system personalization
Digital sensor with LCD display and programming pushbuttons	IR transceiver for wireless configuration and remote control
Plug to other components using Cat 5e cables with RJ45 connectors eliminating wiring errors	

## Specifications

### General Info

Product Line	Wattstopper	Color	Red
Finish	Glossy	UPC Number	754182945634
Country Of Origin	China	Product Series	LMDW-100
Features	Adjustable Time Delay, Indicator Lights, Load Controller Required, Sensitivity Adjustment	Switch Type	Motion Sensor, Push
Number of Switches	1	Installation Location	Wall
