

Wattstopper **DLM Room Controller, 1 Relay, KO, 0-10V dimming, 10A**Part No. LMRC-111

LMRC-110 series room controllers include one or two relay(s) to switch a total of 10 amps, a high-efficiency switching power supply and dual 0-10 volt outputs per relay for control of dimmable loads including compatible LED drivers or electronic ballasts. They are the foundation of a Digital Lighting Management (DLM) system, and allow integration of occupancy sensors, daylighting controls and switches for energy-efficient control.

Features & Benefits

Push n' Learn™ functionality for personalization Digital Lighting Management components plug together on a free-topology without the need for tools or a PC Cat 5e DLM local network eliminating wiring errors

On/Off/Dim local override button for each load LED indicates sta

0-10V signal opens on loss of LMRC power

Zero-crossing circuitry for each relay for reliability and increased product life

LED indicates status of each load

2 RJ45 ports; molded cable tie ring for strain relief

Specifications

General Info

Product Line	Wattstopper	UPC Number	754182938971
Country Of Origin	China		
Dimensions			
Product Width US	4.0 in	Product Weight US	0.8 lb
Product Volume US	44.55 cu in	Product Depth US	4.5 in
Product Height US	2.2 in		
Additional Information			
RoHS Conformant	Yes	DesignLights Consortium Qualified Syster	m Yes

Security	Vac	Product Environmental Profile	Vac
Security	Yes	Froduct Environmental Fromte	Yes
