

# Wattstopper

### Discontinued - DLM COLOR CONTROL SWITCH ENGRAVED - 100 75 50 25 - RED

Part No. LMSW-105-CCT-R-ENG2

The LMSW-105-CCT DLM Color Control Preset Switch from Wattstopper is a low voltage Correlated Color Temperature (CCT) controller that sets and recalls preset lighting color temperature values and raises and lowers CCT levels allowing building occupants to quickly and easily adjust fixtures that are enabled for tunable light with Blanco and Araya logic modules (also from Wattstopper). The LMSW-105-CCT is a Plug n' Go™ component within the Digital Lighting Management (DLM) system which means it automatically binds to any CCT load in a room while communicating with all other DLM devices to create a default sequence of operation as soon as it is plugged into a network. Notes: Switches do not include face plates. Order decorator style plate separately.

## Features & Benefits

DLM Color Control Preset Switch The LMSW-105-CCT DLM Color Control Preset Switch from Wattstopper is a low voltage Correlated Color Temperature (CCT) controller that sets and recalls preset lighting color temperature values and raises and lowers CCT levels allowing building occupants to quickly and easily adjust fixtures that are enabled for tunable light with Blanco and Araya logic modules (also from Wattstopper). The LMSW-105-CCT is a Plug n' Go<sup>TM</sup> component within the Digital Lighting Management (DLM) system which means it automatically binds to any CCT load in a room while communicating with all other DLM devices to create a default sequence of operation as soon as it is plugged into a network. Notes: Switches do not include face plates. Order decorator style plate separately.

Sleek single gang device

fits decorator wall plates Master raise/lower paddle adjusts color temperature levels between cool light (higher CCT range), and warm light (lower CCT range)
