## 

## Wattstopper Discontinued - LP24 Peanut Plus Lighting Control Panel with 8 Relays, 115/277V, Flush Mount Part No. LP24F-8-115

WattStopper's LP24 Peanut Plus Lighting Control Panels provide simple, effective zonebased control of exterior and interior lighting in small applications. Panels control up to eight channels or zones of lighting. Zones respond to control signals from the system clock (or other signalling device) to turn lighting on and off. LP24 Panels ship preassembled in easy-to-install packages. They consist of relays, a system clock, panel intelligence, power supply, large tub with DIN rails for mounting up to twelve contactors (shipped separately) and cover.

## Features & Benefits

Simple and effective interior and exterior lighting control
Controls up to eight zones

System clock provides time scheduled or astronomic control
Compatible with AS-100 Automatic Control Switches for local override control

DIN rail accommodates up to 12 four-pole contactors
