legrand®

Mighty Mo 20 white Hexguard snaps into the channel rails of the rack and protects copper and fiber cables from cutouts in the channel rails while allowing for easy passage thru the channel. The Hexguard snaps directly into the honeycomb cutouts and can be installed for new, as well as existing cable installs. Kit includes 12 half hexguards.

Features & Benefits

Snap fit over existing cables

Can be used singles sided or dual sided

Shortens rack to rack cable lengths

Provides proper bend radius for fiber cables

Specifications
