

The finger cover is used to finish the end of a row of Mighty Mo racks by covering up the side of the vertical manager. Finger covers mount to the fingers on the VMD or VMS vertical managers and when used with an end panel, completely cover the end of the row.

## Features & Benefits

Used to cover the VMD fingers at the end of a row of Mighty Mo 20 racks Gives your installation a clean and professional look while concealing cables in the vertical manager

## Specifications

### General Info
