

Wiremold NM20GB412 Nonmetallic Plugmold® Multioutlet System Part No. NM20GB412

4' Plugmold Plus Multioutlet Strip comprised of four 12 inch parts, GB 15 Amp

Features & Benefits

Nonmetallic, lightweight with snap-on cover. Speeds installation: provides easy access to wiring for changes or additions.

Full range of fittings. Facilitates easy installation of wiring for whatever the job: communication workstation outlets, receptacles, switches and more. Over lapping fittings permit neat butting to raceway.

NEMA heavy duty duplex receptacles independently tested to Fed. Spec. WC596G performance criteria. Enhanced product quality ensures dependable performance.

Snapicoil harnesses offer a choice of receptacle spacing. Center spacing between receptacles of 12", 18" and 30".

Customization available. All products can be modified to accommodate virtually any application.

Tapered profile design with textured ivory finish. Blends with surroundings in office, display space, dorm rooms and residential locations.

Factory wired harness available with duplex receptacles on multiple spacings. Maximum power distribution to the point of use.

Snapicoil harnesses of prewired receptacles in 48' and 50'. Eliminates the need for multiple splicing, speeding up installations on long runs.

Field replaceable surge module. No need to remove the raceway cover to splice in a replacement receptacle. Field changes and maintenance are quick and easy.
