Nuvo

Discontinued - Player Portfolio Kit with P10 Keypads and POE Power, Light Almond

Part No. NVKP31001LANA

This convenient kit includes everything you need for 3 zones of multi-room audio with the performance of the Nuvo P3100 and the added convenience of control with the P10 keypads. The Player Portfolio NV-KP31001-XX kit is comprised of (1) NV-P3100-NA Professional Series Amplifier, (3) NV-P10-XX POE Keypads, (1) On-Q DA-2400 Four Port POE Injector, and (3) single gang RWP26 radiant Wall Plates. Providing 40 watts of power per zone, this player brings music to three rooms of your home. Your music selection is limitless thanks to built-in access to Internet radio as well as a network connection to your personal music collection. To play music in more rooms pair with the P100, P200, or P3500.

Check out the Player Portfolio mobile app.

Features & Benefits

- Connect any storage device to the USB port and play its music through your Nuvo system
- Group all of your zones to play in Party Mode and have all zones play the same music in sync
- High-performance amplifier operates cooly and saves energy while minimizing distortion
- In a single, rack-mountable unit, the P3100 provides three players, for three individual amplified zones
- Internet Radio streaming directly to your Nuvo System
- Quickly access music from your PC or Mac and play it anywhere in your home
