## Features & Benefits

All your favorite music is right at your fingertips with easy access to networked computers, streaming Internet Radio, and even audio content stored on an Android or iOS device.

Attractive contemporary industrial design discreetly fits into small spaces

Compatible with Legrand's other Nuvo Player Portfolio products for a truly custom, easily expandable system (up to sixteen zones)

Connect to storage devices, analog equipment, or home theater receivers through the unit's audio line-in, line-out, MiniTOSLINK fiber optic digital input and output, or USB ports

Connects wirelessly or via Ethernet to the home network for seamless integration into Nuvo Player Portfolio systems

Includes 802.11n wireless capability and utilizes both 2.4 and 5 Ghz bands, for fast signals and broad coverage.

Includes two MiniTOSLINK to TOSLINK adapters

Manage your music via the convenient wall-mounted P10 keypad or wirelessly from the palm of your hand with free apps for your Apple or Android device.

MiniTOSLINK fiber optic digital input and output for integration with A/V receivers or Home Theater systems, enabling the highest quality audio performance

Provides access to streaming Internet Radio from services like Pandora and Rhapsody as well as content stored on networked drives, mobile devices, or computers

Supports both wired Ethernet and wireless 802.11n configuration options adding flexibility for any home.

WiFi Certified
