

Nuvo
Discontinued - Player Portfolio Sound Bar (No Sub)
Part No. NVP500AU

The Player Portfolio Sound Bar (NVP500xx) provides excellent sound quality through a powerful 2.1 system, complete with an 8-in wireless subwoofer. The Sound Bar can play audio from a video source such as a TV or can be used within the Player Portfolio System to access a variety of streaming services as well as any networked audio content. A sleek design, complete with a metal grill and capacitive touch back-lit control panel, make the P500 an ideal complement to any flat panel installation. With four listening modes for movie, music, voice, and night, the audio experience is tailored to sound great not matter how you are using it. Control of the P500 is easy using the included IR remote control, Nuvo Player Keypads or the Nuvo Player App on iOS or Android devices. For added convenience, the Sound Bar has a built-in IR learning function allowing it to be controlled by other IR devices, like your TV remote or smart phone.
