

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

## Features & Benefits

---

Designed for use with all trays.

## Specifications

---

### General Info

---

Product Line	Cablofil	Finish	Stainless 316
UPC Number	800388515598	Country Of Origin	Mexico

---

### Dimensions

---

Product Width US	2.25 in	Product Weight US	0.35 lb
Product Volume US	0.008 cu ft	Product Depth US	1.5 in
Product Height US	4.144 in		

---

### Buy American Act Compliance

---

BAA	Yes
