

Cablofil  
90 Horizontal Elbow  
Part No. P302481

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

## Features & Benefits

Includes splices and hardware

## Specifications

### General Info

|              |                   |                    |                        |
|--------------|-------------------|--------------------|------------------------|
| Product Line | Cablofil          | Finish             | Aluminum               |
| UPC Number   | 800388083462      | Country Of Origin  | Mexico                 |
| Bottom Type  | Ladder            | Application Sector | Commercial, Industrial |
| Type         | Horizontal Elbows |                    |                        |
