

Cablofil 90 Vertical Outside Elbow

Part No. P311695

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Specifications

General Info								
Product Line	Cablofil	Finish	AL					
UPC Number	800388175709	Country Of Origin	Mexico					
Dimensions								
Product Width US	37.5 in	Product Weight US	10.067 lb					
Product Volume US	10.504 cu ft	Product Depth US	22.0 in					
Product Height US	22.0 in							
Buy American Act Compliance								
BAA	Yes
