

Cablofil
6A-DIV-90VI24-S6 DIVIDER 6H 90° IVR 24R (TRA)
Part No. P319025

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum

Each divider includes two self-drilling screws

Specifications

General Info

| | | | |
|--------------|--------------|-------------------|----------|
| Product Line | Cablofil | Finish | Aluminum |
| UPC Number | 800388468221 | Country Of Origin | Mexico |

Dimensions
