

Cablofil
4A-HASP-GE 4H HORIZ ADJ KIT GE HDWE (TRA)
Part No. P320263

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Bend plates to appropriate angle as needed

Torque: 19ft./lbs.

KIT INCLUDES ONE INSIDE AND OUTSIDE PLATE

Field drill outer plate if needed

MEETS CABLE TRAY BONDING REQUIREMENTS

Specifications

General Info

Product Line	Cablofil	Finish	Aluminum
UPC Number	800388200593	Country Of Origin	Mexico

Dimensions

Product Weight US	1.552 lb
