

Cablofil  
Horizontal Adjustable Splice Kit  
Part No. P320264

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

## Features & Benefits

Bend plates to appropriate angle as needed

Torque: 19ft./lbs.

KIT INCLUDES ONE INSIDE AND OUTSIDE PLATE

Field drill outer plate if needed

MEETS CABLE TRAY BONDING REQUIREMENTS

## Specifications

### General Info

Product Line	Cablofil	Finish	Aluminum
UPC Number	800388200609	Country Of Origin	Mexico

### Dimensions

Product Width US	1.818 in	Product Weight US	3.218 lb
Product Volume US	0.2 cu ft	Product Depth US	39.0 in
Product Height US	4.875 in		

### Buy American Act Compliance

BAA	Yes
