

Cablofil SB-6A-SR36-24 AL 6H STR REDUCER 36/24W Part No. P320279

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum Alloy 6063	Finish: Plain
Bottom: LD: 1'' wide rung	Construction: Welded
Connectors: All fittings are supplied with	Fitting heights (H): 4, 5, 6, 7
