

## Cablofil Horizontal Adjustable Splice Plate

Part No. P642822

Finishes include steel and 316L stainless steel to meet the needs of any application. Rail heights range from 4"" to 7"".

## Features & Benefits

All splices are supplied in pairs.

Type 316 stainless steel fasteners are standard on on all aluminum and steel systems.

Bonding jumpers are required for all expansion splice plates, adjustable connectors, and tray discontinuities.

Geomet fasteners are standard on aluminum and steel cable tray systems.

Sufficient connector pairs with fasteners are automatically included stainless steel systems, but are available as an option with each shipment of straight sections and fittings. Extras for field cuts or spares must be ordered separately.
