

Cablofil Vertical Fitting Divider Part No. P644008

"The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray."

## Features & Benefits

Designed to fit the exact radius of the fitting

## Specifications

## General Info

| Product Line       | Cablofil               | Finish            | Stainless 316 |
|--------------------|------------------------|-------------------|---------------|
| UPC Number         | 800388532700           | Country Of Origin | Mexico        |
