

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

For use with indoor, outdoor, or vertical flat covers.

Top and bottom pieces are 1 1/2" wide.

Specifications

General Info

| | | | |
|--------------------|------------------------|-------------------|---|
| Product Line | Cablofil | Finish | Hot Dipped Galvanized after Fabrication |
| UPC Number | 800388533868 | Country Of Origin | Mexico |
| Application Sector | Commercial, Industrial | Type | Accessories, Covers |

Dimensions

| | | | |
|-------------------|-------------|-------------------|---------|
| Product Width US | 18.5 in | Product Weight US | 2.87 lb |
| Product Volume US | 0.114 cu ft | Product Depth US | 1.5 in |
| Product Height US | 7.107 in | | |
