

Clamps are used to junction runway sections together in a variety of configurations. Whether sections are extended in-line or junctioned perpendicularly or are transitioned from horizontal to vertical, clamps provide a solid connection to assure the runway layout will provide the necessary support for your cabling.

Features & Benefits

Clamps are used to junction runway that is the same width where horizontal to vertical transitions are needed: Provides a solid connection to assure runway layout will provide the necessary support for your cabling.

Specifications

General Info

Product Line	Ortronics	UPC Number	662875916550
Country Of Origin	United States		

Dimensions

Product Width US	3.75 in	Product Depth US	2.5 in
Product Height US	2.1 in		

Additional Information

RoHS Compliant	Yes
