

Ortronics  
Category 5e high density telco panel - 48-port  
Part No. PHD5E2148

Eight-position jacks, T568B wired to 50-pin female telcos. Legrand® Category 5e 25-pair panels provide a 50-pin connector interface (standard RJ21 wiring) between Category 5e 25-pair cable Gigabit Ethernet hubs requiring full 4-pair cabling. Panels provide front label fields. Use with 845E cable assemblies.

## Features & Benefits

Cat 5e with telco connections: Compatible with Cat 5e 25-pair cable assemblies.

High density design: Maximum use of rack space.

Front and rear designation strips: Easy labeling.

Supports 9 color-coded icons: Additional identification for designations.

## Specifications

### General Info

|                    |                       |                   |        |
|--------------------|-----------------------|-------------------|--------|
| Product Line       | Ortronics             | Color             | Black  |
| UPC Number         | 662875481706          | Country Of Origin | Mexico |
| Application Sector | Commercial/Industrial | Type              | Panel  |

### Dimensions
